NEW YORK, March 15.—The entries for the seventh Annual Automobile Races at Daytona Beach were to have closed Saturday, but the American Automobile Association asked that the entry list remain open until March 23 so other entries will be made by the greatest drivers in America—in fact, the greatest that have ever been seen together in races, will be on the beach March 23 to 26. They include Louis Chevrolet, the great triple road-race winner—Savannah, Briarcliff and Lowell—the only man who ever won three road races in one year; Herbert Smith, the great Toledo driver, who ran second to George Robertson in the Vanderbilt Cup Race last October; George Little was only one minute behind in nearly a 300-mile race. He has a big Renault on the beach.

George Robertson, driver of the winning car in the Vanderbilt Cup Race, and either a Benz or a Locomobile, the former being the second car in the Savannah Grand Prize Cup Race, nearly 40 seconds behind the winner in a 400-mile race. He has a big Renault on the beach.

John Norman, the Michigan driver, and the New Orleans Mardi Gras Auto race with a Buick, making a world record, will be among the bunch who will drive on the beach course. Norman is a noted road-racing star.

Robertson and his "Red Devil" with all power behind it, expects to shatter the records. This car was owned by Barker Thomas of New York and capable of 125 miles an hour. Robertson sailed Saturday with his mother to Jacksonville and will be on the beach in a day or so.

Strong is already at Ormond and Brevard at Daytona.

Carl Bates, the aeroplane flyer, is also on the beach.

Ralph DePalma, the famous Italian-American driver, leaves today by rail.

Manager Miles, of the National Association of Automobile Manufacturers, is to referee the meet, and Starter Fred J. Wagner, of Vanderbilt and Saenger Grand Prize fame, with W. J. Cook, will leave Wednesday for Daytona.

Alex. Schwalbach, representing the management of the meet, left yesterday for Daytona to see about the preliminary arrangements. He will stop at Savannah and Jacksonville.

It is not definitely known how many flying machines will be on the beach. Some advise say that the Minneapolis team will not participate, and the dirigible balloon man has not been definitely known from Horace Wild, the Scientific American man, wants to send an aeroplane but is not certain that he can be ready in time.

The editor of Aeronautics says that Carl Bates has the best machine of the bunch and is a close second to Wright brothers.

Victories for Democrats.

WASHINGTON, March 15.—The democratic caucus nominated Champ Clark, of Missouri, party candidate for speaker. Clark's speech urged democrats to act together and predicted greater victories than those of the last session.

BRIDGEPORT, Ohio, March 15.—A statement issued today by President Lewis, of the Mine Workers, says: "One hundred and sixty-eight thousand miners of the anthracite district do not want to strike, but they do want recognition. We want no agreement if it does not recognize the union. The mine workers have \$5,000,000 which will be available. If we fail, the life of the organization is in danger. The miners' course is now up to the convention at Scranton, March 23."

Geo. W. Bristol, clerk of the Criminal Court of Record, was in the city from DeLand today accompanied by his nephew, Stuart Worthington Smythe, owner of the Oswego, N. Y., Times.

SEABREEZE, March 15.—Mrs. Luff
berry was at the opera Saturday night
with a party of friends.

Mrs. J. D. Price, of The Ormond, came
down with an auto party to hear Calve
Saturday evening. There were three
other motor car loads from Ormond at-
tending the opera.

Looking down on the boulevard from
the second-story balcony at the close of
the Calve Recital Saturday night, the
scene was full of life and beauty. Auto-
gated and painted in long lines on both
sides of the street, buses and carriages
and single rigs were waiting their turn
for passengers, bicycles were winking in
the rack, the brilliant light from the
opera front showed out the handsome
costumes of the ladies as they slowly
emerged from the building, and the
throne generally as it crowded the side-
walks and shied in and out from among
the vehicles, crossing the street. A few
waited on the front porch to catch if
possible, one more glimpse of the great
singer. At last, after the street was
cleared of vehicles, she came forth, well
wrapped, but her beautiful face shining
under the electric light like a flower half
hid in its sheath, and the patient watch-
ers felt that they were well rewarded for
that last look at the face of Madame Calve.

J. H. Jenkins, professional instructor
at the Seabreeze golf links, is winning
popularity with those who patronize
the links, and recently quite a number
from Daytona and Daytona Beach have
joined the Seabreeze players, and fine
sport is being enjoyed. This is one of
the best sand links in the south, all
natural hazards good, and one of the
best rolling grounds that can be found
anywhere.

Wm. Seddon, of Portsmouth, Va.,
chief engineer of the S. A. L., who is
passing down the Florida side in his
private car, stopped over 24 hours to
visit his sister, Mrs. A. F. Fleet, and
family, on Ocean boulevard. Mr. Sed-
don was accompanied by his wife and
daughter, Miss Seddon. Mr. and Mrs.
Seddon left Thursday morning. Miss
Seddon will protract her visit awhile.

Present.

"That's a very fine purse you have,
Henry."

"Yes. My wife gave it to me on my
birthday."

"Indeed! Anything in it?"

"Yes; the bill for the purse."

One Exception.

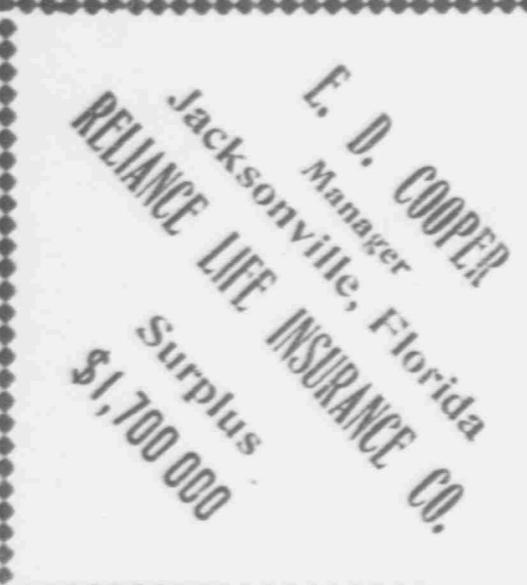

The Husband (during the quarrel)—
You're always making bargains. Was
there ever a time when you didn't?

day.

The many old friends of R. E. A.
Land, of Toronto, are glad to see
him again in the city. Mr. Land
has been sojourning on the Indian
River, but has returned to his first
love, Daytona. Mrs. Land did not
accompany him south, preferring the
northern climate for this season.

Interest in the tent meetings on
Seabreeze avenue is deepening, and Elder
Farmale is holding good congregations.
Services are held afternoon and night.
Services will continue all this week, and
Sunday, March 21st, they expect to orga-
nize a church. It is their intention
and expectation to build a church at
Daytona.

Ill., are guests at the White House.

Miss Carrie Macomber, who has been
visiting at the home of Mr. and Mrs. W.

will leave tomorrow for New York en-
route to Minneapolis, Minn.

Miss Louise Sproesser, of Watertown,
Wis., is visiting Miss Lurene A. Hull at
the home of W. B. Reed.

Report from the cruisers on the Lady
Lou, Capt. Brown and party, is about
as follows: Reached Palm Beach on the
11th; had a fine trip all the way down.
Will remain at Palm Beach about a week before proceeding.

Wesley Herrick returned Friday af-
ternoon from Miami, where he has been
attending a session of the Grand Lodge
of K. of P. He reports a very suc-
cessful and interesting meeting. The next
year's meeting will be held at Jackson-
ville.

Mrs. Pitt, who has been at Surf Crest
for some time, left last week on the re-
turn trip to her home at Knoxville.

Mr. and Mrs. Magraw, who have spent
most of the winter in the Harroun apart-
ment house, left the latter part of last
week for the north.

The Chinaman and His Dragon.
If a Chinaman wishes for happiness
and peace in this world and the next
he feels obliged to consult his majesty
the dragon as to where his house shall
be built and his grave be made.

Through the earth, so say the Chinese,
flow two currents—the dragon and the
tiger. Now, for a man to have good
fortune in life or, as he would say in
"pigeon English," to "catchee chance,"
his house must be put in a certain position
in reference to these currents. If he is to
rest quietly in his grave, that also must be
correctly placed. So called "wise men" make
a business of choosing favorable sites
for homes and graves, professing by
means of a wand and incantations and
other kinds of tomfoolery to be able to
detect the presence of the dragon and
the tiger and to tell in what di-
rection they flow.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.
One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sand; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls fit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellicid Halifax River.
Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pounce on a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchanting Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with ethereal draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact, must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and prickled ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year round. In one yard roses of variegated hues predominate, another has a penchant for the poinsettia and the premises are afame; another is hidden in a jungle of tall cane.

The birds fit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the big show are as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

What the Duke Meant.

In grace the Duke of Argyll was addressing a select company in a London drawing room on the present state of things in South Africa. "I look forward to the time," he said, "when the Englishman will marry the Boer girl and have an English wife as well." Respectable dowagers looked their surprise, and the men began to smile. Then the duke carefully explained that he meant, of course, that the Boer girl should become an Englishwoman to all intents and purposes.—Reynolds' Newspaper.

A Source of Joy.

"What seems to be the matter with Mrs. Brown that she's ailing so?" "Why, poor thing, she's got one of those newfangled diseases." "She has? My, how fortunate she is, to be sure. Here I've had nothing more stylish than lumbago, and I'm three years older than she is."—Detroit Free Press.

Smart Set English.
The speech of the smart man and woman sufficiently betrays the modern attitude. To speak good English is middle class. The modern vocabulary is very small, and the greater part of it is composed of slang.—Black and White.
